Profile

Senior UX designer with 9 years of experience designing web and mobile products for healthcare and fintech companies. Skilled at translating complex workflows into intuitive interfaces. Led design for a patient portal used by over 2 million users.

EXPERIENCE

Senior UX Designer

Northgate Health | 2020 - Present

- Led end-to-end design for a patient portal redesign, improving task completion by 34%.
- Established a design system adopted by 5 product teams, cutting design handoff time in half.
- Ran 20+ usability testing sessions to validate new appointment scheduling flow.

UX Designer

Fintra Solutions | 2017 - 2020

- Designed core flows for a mobile banking app with over 500,000 active users.
- Collaborated with product and engineering to ship a redesigned onboarding flow.
- Conducted user interviews that shaped the product roadmap for 3 consecutive quarters.

Junior Designer

Fintra Solutions | 2015 - 2017

- Created wireframes and prototypes for internal tools used by customer support teams.
- Assisted senior designers with visual design and icon systems.
